

**Notice of Availability and
Intent to Adopt a Mitigated Negative Declaration
for the New Well #8 and Pipeline Replacement Project**

The Frazier Park Public Utilities District (FPPUD or District) has prepared an Initial Study for the New Well #8 and Pipeline Replacement Project, which recommends that a Mitigated Negative Declaration (MND) be issued, and the District has authorized the release of the proposed Mitigated Negative Declaration for public review and comment for the above project.

The Frazier Park Public Utilities District (FPPUD or District) is proposing to implement two water infrastructure Projects in the near future for which the District is seeking funding from the State Water Resources Control Board's Division of Drinking Water (DDW). The first Project is a new potable water well, proposed District Well #8. The second Project is the replacement of approximately 18,300 feet of District potable water distribution pipelines in three of the District's service areas, Summit Area, Lower Summit Area, and Texas Trail.

The District has prepared an Initial Study (IS) and MND to evaluate the project impacts and has concluded the project will not have any significant negative impacts on the environment upon implementation of the recommended mitigation measures.

A copy of the Initial Study and all other material which constitutes the record of proceedings upon which the District based its decision to adopt this MND may be obtained at the District's website at <https://www.frazierparkpudca.gov/>. The CEQA-required public review period of the Initial Study/Mitigated Negative Declaration begins July 31, 2026 and ends on August 31, 2026 (30 days). Written comments on the Initial Study should be submitted to Mr. Jonnie Allison at the mailing address listed below no later than August 31, 2026 by 5:00 PM. Mr. Allison may be contacted at jallison@frazierparkpudca.gov or 661-331-2995.

The District has not scheduled a specific date for this matter to go before the District's Board of Directors to discuss and possibly adopt the Mitigated Negative Declaration and approve the project. The technical and environmental issues related to this project may be discussed at this meeting. Please contact Mr. Jonnie Allison by mail at 4020 Park Drive, Frazier Park, CA 93225 or email at jallison@frazierparkpudca.gov or 661-331-2995 if you have questions regarding the District's review process for considering the Mitigated Negative Declaration.
