State Funded Grant Projects - Discussion began at 4:27pm.

10. Discussion/Vote/Update on FP/LOW Consolidation Planning Project.

d. Discussion/Vote Approving (i) Acquisition of Site for Well #8, and (ii) Construction and Operation of Well #8: General Manager has determined that this action is exempt from CEQA review per § 15269(b) of the CEQA Guidelines.

The District has a well with issues that affect its continued viability. Should that well fail, the District would not have the ability to meet the residential water demand. For this reason, the District needs to acquire a site to drill Well #8 so that once it's constructed, it can supplement Well #6. Doing that will mean the District will not have to rely on Well #5, which is failing, to provide water to Frazier Park. Due to the potential effect on the environment from drilling and operating a well, the project is subject to a CEQA review, unless an exception applies. It is the Board's finding that a statutory exemption applies, under section § 15269(b) of the CEQA guidelines, that speaks to emergency circumstances like that one the District is facing. The Board considered approving the Project and adopting the CEQA Notice of Exemption.

Upon a recommendation by counsel and District staff, the Board approved acquiring a well site, approved constructing and operating the well, adopted the Notice of Exemption, and authorized District staff to file the Notice of Exemption with Kern County.

Motion: Move to approve the Project and adoption of the Notice Of Exemption. Neyman/Schoenberg 5/0/0, Motion Passed.

Aye: Garcia, Gipson, Kelling, Neyman, and Schoenberg.

Motion: Move that we go now to Item #8 Closed Session pursuant to Government Code 54957 and #9 Closed Session pursuant to Government Code 54957.

Aye: Garcia, Gipson, Kelling, Neyman, and Schoenberg.

Oral Announcement Prior to Closed Session. Gov't Code §54957.7(a): A representative of the legislative body to orally announce the items to be discussed in closed session prior to any closed session meeting.

6. Discussion/Vote on Accounts Payable and Financial Information.

Deborah Angel reported that 13 checks were cut out of the Revenue/Operating Account for a total of \$28,516.19.

Motion: Move that we pay our bills.

Kelling/Neyman 5/0/0, Motion Passed.

Aye: Garcia, Gipson, Kelling, Neyman, and Schoenberg.

7. Discussion/Vote on Employee Retention.

GM Allison explained that two employees have been offered jobs at another water company for considerably more money. When people apply to work at the FPPUD, they are asking more for their base hourly wage than the District typically pays. It was GM Allison's recommendation that the District do more to retain employees that are an asset to the company. The Financial Ad Hoc Committee met and reviewed the financials to see how to fit higher wages into the budget. The Board and staff discussed the issue and settled on wage increases in order to attempt to retain the experienced employees.

Motion: Move that we raise our Administrative Assistant to \$26.00 an hour, that our second operator we raise to \$26.00 an hour plus a 2% COLA, and we raise the Lead Operator to \$33.00 plus a 2% COLA yearly, and if the second operator does not accept the position and chooses to leave, then the General Manager has the authority to offer the other \$2.00 raise to the first operator.

Aye: Garcia, Gipson, Neyman, and Schoenberg.

Abstain: Kelling.

- Well #6 has gone up 14 feet.
- Well #7 8.5 feet.

Joan is also monitoring the water levels of the creeks in the area to get an indicator of what is happening in the ground. She wants to see what areas are recharging faster than others, and to see if increases on the east side of town correlate to decreases in water levels on the west side. Joan is also researching changes in LOW as they relate to changes in Frazier Park. In order to help with that research GM Allison will send regular updates with the water levels in the wells in Frazier Park.

13. Discussion/Vote/Update on the Urgent Drinking Water Needs Funding.

Tiffany Matte reported that she spoke to Mark Magtoto this week regarding the water hauling. He was able to confirm that the State has mailed the check, so the District should receive it in about seven to ten days.

Mark also explained that the Urgent Drinking Water Needs Funding was designed to help out much smaller water companies that were experiencing emergency circumstances. Seeing that the FPPUD had to spend a lot of money out of pocket to haul water for a circumstance related to a grant funded project, they gave special approval. The second round of water hauling would not qualify for this funding, nor was the cost high enough (\$7,640.00) to be considered in an application.

Motion: Move that we extend the meeting to finish business.

17. Discussion/Vote on Leasing a Security Camera System from American Business Machines.

The Board had questions about this item at the last meeting. It is also less expensive to pay per visit for any maintenance or repair needs rather than to pay for a monthly contract for service.

19. Discussion/Vote on the Quote for a Skip Loader.

GM Allison brought this quote to purchase a skip loader to the attention of the Board. The current loader continues to cost the District money in maintenance.
